

A luxurious soak in a comfortable bathtub

At the end of your day, nothing beats a long hot soak in a bath for a feeling of relaxation and wellbeing. Our great selection of baths will allow you to take some time out and treat yourself.

“A popular choice for style and function, L and P-shaped baths in addition to the more traditional straight bath styles, are a great way to maximise space with matching bath screens”

Premiercast

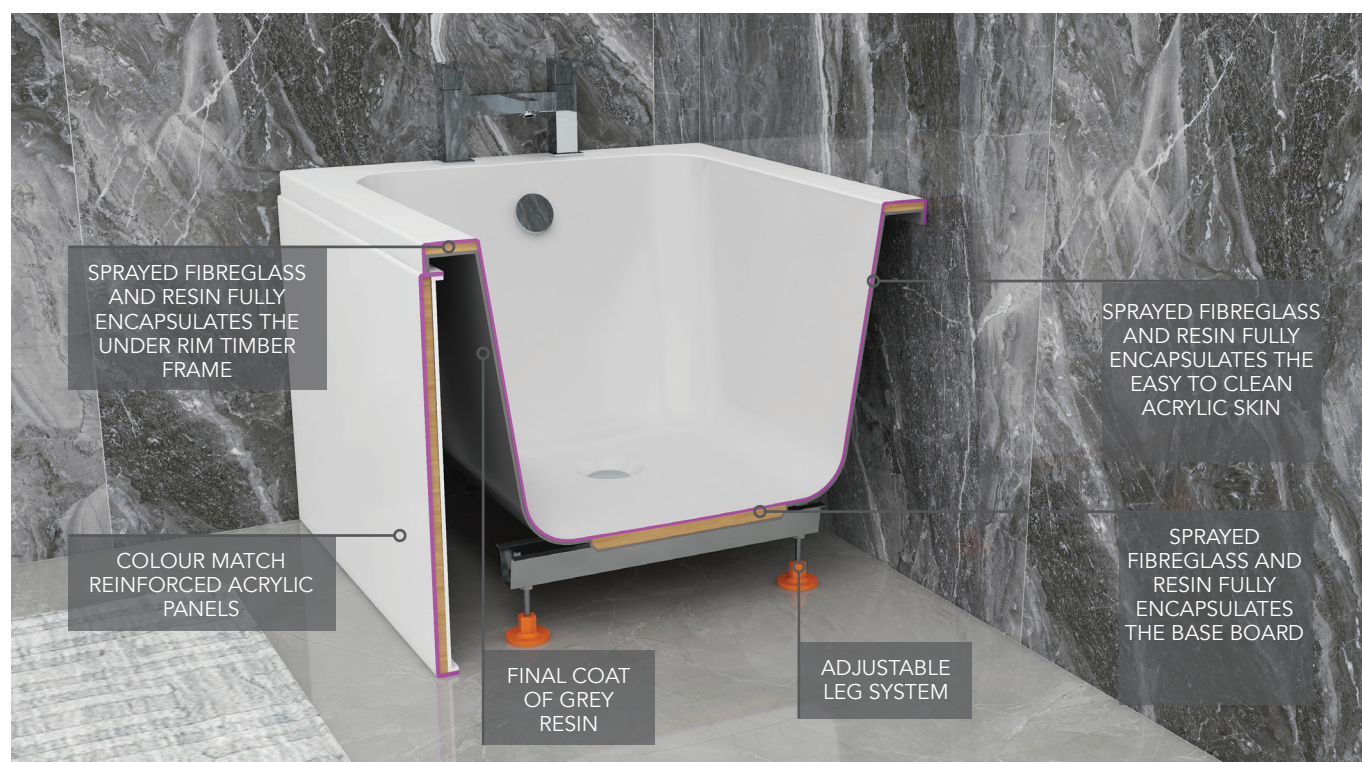

The ultimate premium reinforced acrylic bath

All Premiercast baths are constructed by hand, we first form the bath from high quality 5mm acrylic, then add a full timber supporting frame to both the base of the bath and the underside of the rim. This creates a strong base to then apply by hand, 7 layers of fibreglass core matting. Between each layer we apply a resin bonding adhesive which, when dry creates a super strong encapsulated bonded core. Finally the bath is coated with a mix of resin and blue paint, which provides a smooth and super strength final bonded surface.

Reinforced acrylic bath

All reinforced acrylic baths are constructed by both hand and automated processes, for efficiency and speed. The first process is to form the bath from high quality 5mm acrylic, we then add a full timber supporting frame to both the base of the bath and the underside of the rim. This creates a strong base so we can then apply a fibreglass sprayed layer, encapsulating the timber frame creating a durable and strong bath. Finally the bath is coated with a mix of resin and grey paint, which provides a smooth and strong final bonded surface.

Laja

Single Ended Bath

Laja - Single Ended Bath

Code	Description	RRP
E40071	Length 1300 x Width 700mm	£371.43
