## top tips

“Corner Panels are a single piece of thick glass which separate a shower situated in the corner of a bathroom.

Bright, large white tiles can create the illusion of space in smaller areas”

Corner Panel with Low Level Brace.

Profile Edging included. Bracing options available.

Corner Panel x2. Glass-to-Glass Panel. Fixed Deflector Panel. Ceiling Brace. Straight Brace Kit.

“Glass-to-Glass Panels are a single piece designed to be connected to each other to form a solid corner shape of glass.

This design will suit larger bathrooms and allows for more light within the shower area”

Profile Edging included. Bracing options available.
