

Choosing and planning a new bathroom is an exciting time. After all, it's the only room where you can truly relax, refresh and revitalise.

Our collection has been carefully selected from leading manufacturers and suppliers to offer you a wealth of choice and styles. We realise that value is important to you, but not at the expense of good design.

Whatever aspect of your bathroom you're looking to revamp, you'll find our selection of products to be more than suitable.

We've included lots of handy hints, inspirational ideas and the very latest bathroom trends.

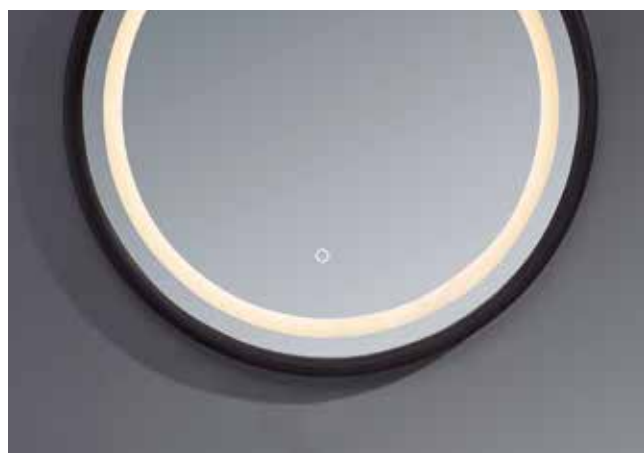

Our knowledgeable and friendly bathroom team is always here to guide you if you'd like some extra advice.

Let's start creating your dream bathroom...

Planning your Bathroom Space

There's a great deal to consider when thinking about the design and build of your new bathroom space.

Your bathroom space is one of the busiest rooms in your home. It must be functional and practical both night and day, but that doesn't have to be at the expense of style or comfort.

Things to Consider

Floor Plan

Whether the style you crave is one of understated elegance, full-on glamour or something more modest, planning ahead is the essential way to get the best out of your bathroom.

Your first step should be to devise a floor plan; see inner back page for a layout planner.

Think about what items you want to include, and how they will be used. It is crucial to make sure you factor in enough space for standing and moving around.

Suitability for All

Think about who will be using your bathroom. Freestanding baths might look fantastic, but can be difficult for children or the less agile. Looks alone should not sway your decision, make sure you go for function as well as form.

Storage

Modern minimalist designs only work if all bathroom products are carefully and cleverly concealed. Plumbing paraphernalia is also best hidden away from view. Concealing it within furniture is a great solution, as it still remains accessible for any necessary maintenance.

Heating

Underfloor heating is an excellent alternative to radiators, offering a warming solution for a contemporary style bathroom. It is simple to install during the flooring phase, and provides heat across the entire room space.

Heated towel rails have also become a must-have for the modern bathroom. Choices range from the more traditional chrome and stainless steel finishes, to an array of colours that can be matched or contrasted with your other bathroom design preferences.

Decoration

There are many materials, styles, textures and finishes to choose from when decorating a bathroom. Tiles in a wet environment are the most popular option, as they are both practical and wonderfully aesthetic. They can also help make spaces appear much larger.

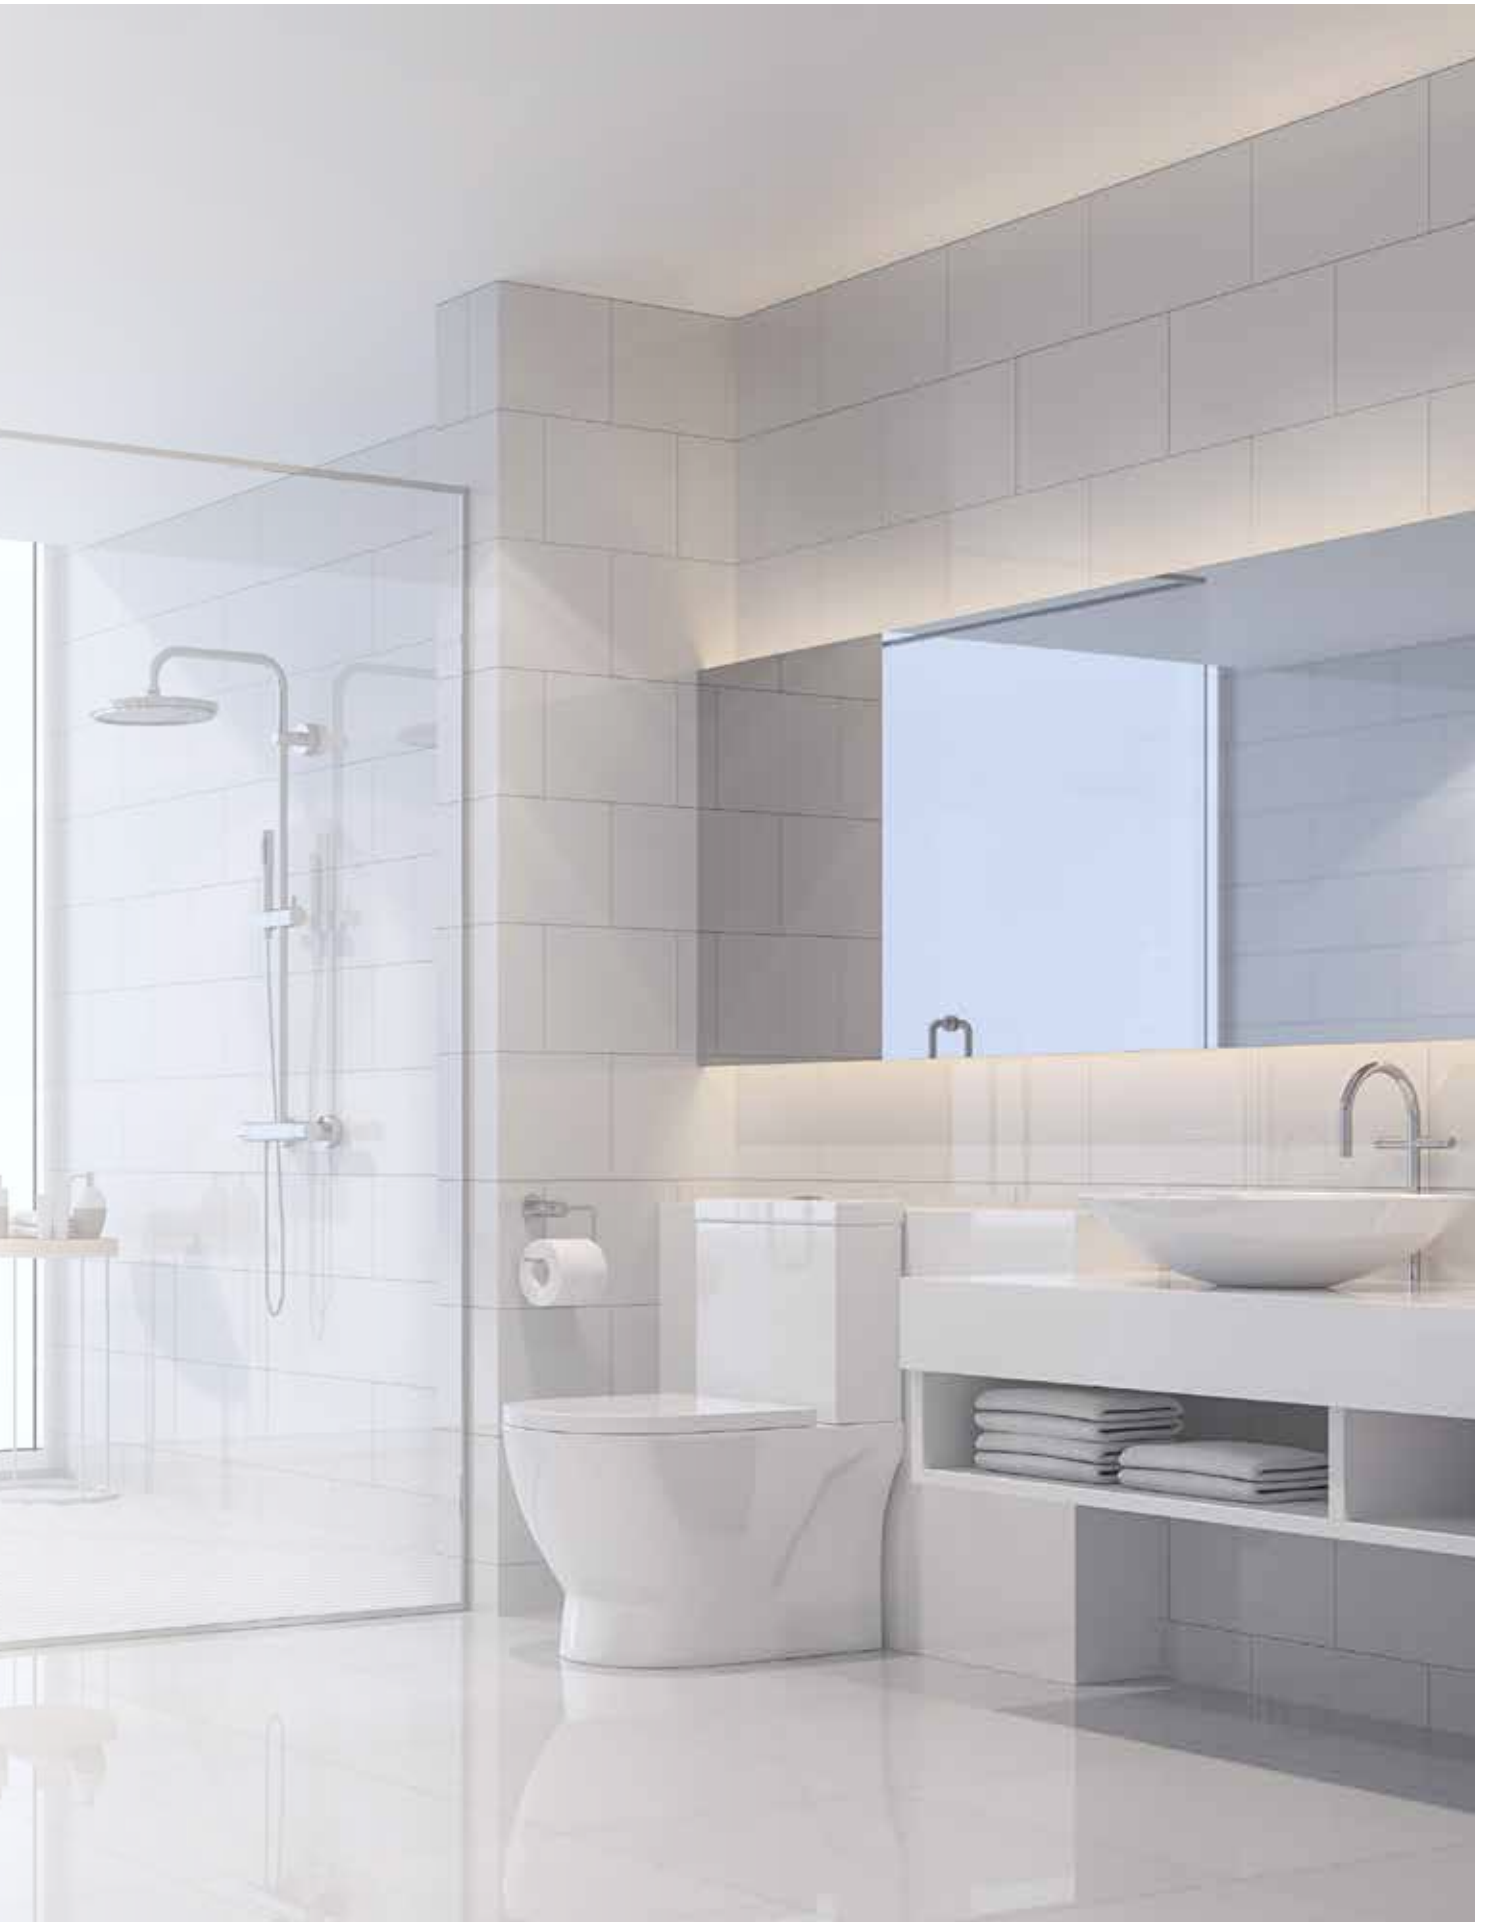

Using a panel of vibrant wall colour can create a dramatic look. Bold hues can add zest and warmth or when used sparingly against a sleek white bathroom will instantly create a modern contemporary feel.

Adding texture with more tactile materials such as wood and glass can be wonderfully relaxing, adding a spa-like quality to your space.

Mirrors & Lighting

Lighting can make a huge difference to the mood of your room. For example; flush fitted recessed lights in the ceiling will help fill the room with a soft ambient light.

Mirrors are not only a bathroom essential, cleverly used they can also make a bathroom seem both larger and brighter. And much like lighting, your bathroom may benefit from the use of multiple mirror configurations which can effectively alter any surroundings.

Sanitaryware

Bright, bold and beautiful.
Bathrooms that make a
statement in your home.

Create a bathroom of distinction with one of our stylish suites. Choose between modern curves or more traditional angles. Now is the time to be inspired and create a truly unique bathroom space in your home.

Quick-release and soft-close toilet seats are much more hygienic and will help make cleaning your sanitaryware easier.

Remote Control

Simple and clean design, functional operation at a glance; tilted design ergonomics, make the controller more comfortable to use and operate.

Rear Wash
You can adjust the water volume, water temperature and water pressure independently on rear wash function.

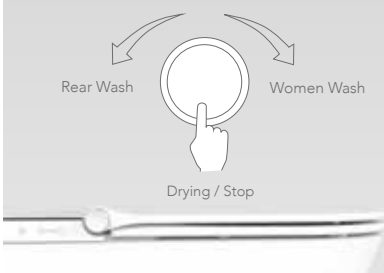

Self-cleaning Sprayer
The self cleaning sprayer ensures a clean and fresh wash.

Drying
You can adjust the air flow capacity and temperature on drying function.

Detachable Sprayer
The sprayer head can be disassembled freely to facilitate washing and keep clean.

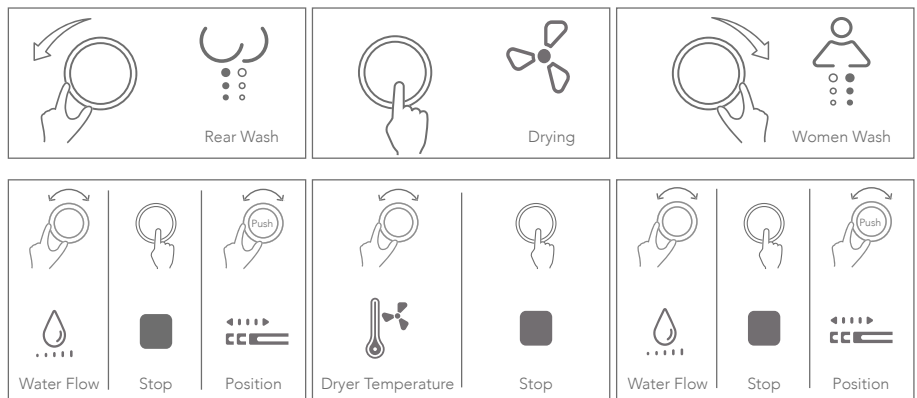

One rotary knob control, easy operation

Side rotary knob control design integrates all smart functions on a minimalist knob, by rotating and pressing, it can easily achieve rear wash, lady wash and drying; as well as regulating the position and flow of the shower spray and water temperature.

Details Make The Design

Delicate feel, light guide with comfortable operation. Micromesh texture with intuitive touch. Many features with one control.

Furniture

Smart, stylish storage.
Keep your bathroom clutter
free and looking fantastic.

The perfect way to create a designer look,
reflecting a wide variety of styles. We have a
range of colours and finishes to complement
any bathroom, cloakroom or en-suite.

Plumbing paraphernalia isn't a pretty sight.
Furniture helps keep everything hidden from
view, but still accessible for maintenance.

Fitted Furniture

Help to unify the look of your bathroom and maximise your available space by adding fitted furniture. Choose from two door styles in a range of contemporary finishes.

All units have soft close hinges. The basin unit offers an adjustable shelf, easy pipe access with a removable back panel and a 50mm plumbing void. The floor units have the additional benefit of a removable door for easy access.

- Easy to create a seamless fitted look
- Shaker Style in 5 colour finishes, Slab Style in 6 and Sleek Style in 3
- Choice of 9 different handles
- Soft close doors on all styles
- Laminate or Solid surface worktops available
- Co-ordinating wall units & bath panels to match

It's easy to add furniture to your new bathroom

1. Select a door style and finish (See below)
2. Decide on a combination of units based on your floor space available (Page 98 - 103)
3. Choose a worktop and handles to balance the look of your units (Pages 104 - 105)

Complement your bathroom by adding designer accessories

4. Select co-ordinating bath panels (Page 107)
5. Complete your bathroom with an Esteem tap (Pages 162 - 175) and a designer towel rail (Page 248)

Worktops

Our worktops have been developed to be used in conjunction with our semi-countertop basins. Just like our units they are available in standard or slim depths.

The Strata solid surface or laminate worktop range is designed to finish your units perfectly. Alternatively you can opt for our Isocast worktops with integrated basin for a sleek contemporary look.

Strata solid surface

Available in 4 finishes, supplied in 1280mm and 1880mm lengths and can be cut and finished at installation.

Cabinets & Mirrors

Bathroom must-haves that create the illusion of space. The finishing touches for an elegant bathroom.

Our collection of cabinets will keep things organised and create more space. Adding an attractive mirror to your design will help make your bathroom look bigger and brighter.

LED lighting in mirrors helps to simulate natural light, while demister pads prevent the glass from steaming up.

Baths

A luxurious long soak in a comfortable bathtub. Relax, refresh and revitalise.

At the end of your day, nothing beats a long hot soak in a bath for a feeling of relaxation and wellbeing. Our great selection of baths will allow you to take some time out and treat yourself.

A popular choice for both style and function, L and P-shaped baths in addition to the more traditional straight bath styles, are a great way to maximise space with matching bath screens.

Reinforced Acrylic Baths

All reinforced acrylic baths are constructed by both hand and automated processes, for efficiency and speed.

The first process is to form the bath from high quality 5mm acrylic, a full timber supporting frame is then added to both the base of the bath and the underside of the bath rim. This creates a strong base for the fibreglass sprayed layer, encapsulating the timber frame creating a durable and strong bath.

Finally the bath is coated with a mix of resin and grey paint, which provides a smooth and strong final bonded surface.

Premiercast Acrylic Baths

The ultimate premium reinforced acrylic bath

All Premiercast baths are constructed by hand. The bath is formed from high quality 5mm acrylic, to which a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base to then apply by hand, 7 layers of fibreglass core matting.

Between each layer a resin bonding adhesive is added which, when dry creates a super strong encapsulated bonded core. Finally the bath is coated with a mix of resin and blue paint, which provides a smooth and super strength final bonded surface.

Showering

Time to get gloriously drenched in stimulating surroundings.

Long, hot showers are one of life's simple pleasures that we all enjoy. Our complete showering range comes in all shapes, styles and sizes - each one designed with your satisfaction and enjoyment in mind.

Dual outlet shower systems allow you to switch between a fixed head and a more flexible showering handset. All showers are suitable for use with unvented water supplies, combi boilers, gravity and mains pressure systems.

Wall Arm and 200mm ABS head	£109.90
E80072	
Complete Pack	TOTAL £673.31

Create your Own Shower...

1. Select a Single Outlet or Dual Outlet Valve.
2. Combine your valve with one of the accompanying options below
(remember you will require two if you have a dual outlet valve)

- Slide Rail Kit & Wall Elbow (Page 175)
- Fixed Head (Page 176)
- Bracket Fixed Handset (Page 177)
- Bath Filler Waste & Overflow (Page 176)

Top tip:

"Corner Panels are a single piece of thick glass which separate a shower situated in the corner of a bathroom.

Bright, large white tiles can create the illusion of space in smaller areas."

Wall Panelling

Stunning finishes coupled with low-maintenance surfaces that simply wipe clean - protecting your walls from water ingress

The modern alternative to bathroom tiles

Easy to install and even easier to maintain, Multipanel's beautiful bathroom wall panels and flooring, come in a huge selection of colours, textures and finishes, enabling you to create a contemporary design that matches your personality.

With wall panelling you can say hello to years of easy care and goodbye to cleaning grout and mould. Because the beautiful walls, floors and ceilings come in a huge selection of exquisite colours and textures, a whole host of design possibilities open up for you to reinvent your bathroom in a style uniquely yours.

Why Choose Multipanel?

Easy to keep clean

Quick and easy to install

Almost seamless joint with Hydrolock®

Fully waterproof

30 year warranty

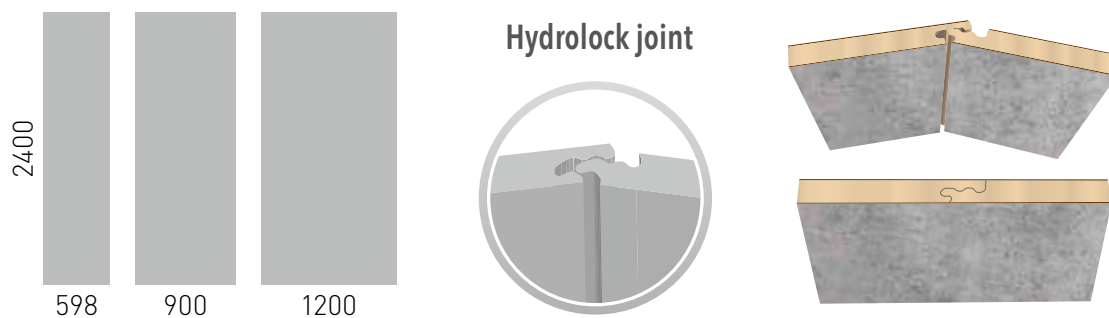

Can be installed over old tiles

Hydrolock® for beautiful continuous walls

We created Hydrolock® to enhance the visual impact of our wall panels. Precisely engineered, the Hydrolock® edge allows panels to be joined together, without the use of mid-joints, to create a smooth, almost seamless expanse of waterproof walls.

With an industry leading 6mm tolerance Hydrolock® panels are easy to install and produce a great finish every time.

Hydrolock® panels are available in a range of widths for ease of installation; 2400 x 598 mm, 2400 x 900 mm & 2400 x 1200 mm

The Hydrolock® joint reduces the finished face by 18mm i.e. 2400mm x 1200mm becomes 2400 x 1182mm. Straight edge panels are also available.

Helping to protect our forests for the future

By buying Multipanel® you help to take care of the world's forests.

Sophistication made simple

"Whether your bathroom is small or large, light or dark, my collection offers you a modern and stylish way of transforming it from a functional space into one that is truly special." - Linda Barker

Curated by interior designer, Linda Barker, and exclusive to Multipanel, this designer collection is inspired by the natural world with marble, granite and wood panels that look and feel like the real thing.

Elements

Elements panels really pack a punch by conveying mood and atmosphere. Strong hues and the incredibly solid appearance of these panels fit the bill perfectly for achieving that ultra modern industrial look.

Wood

With a slightly weathered look, our panels exude gentle warmth and texture that will transform your bathroom into a place of calm and tranquillity.

The Urban Collection

Aberdeen Tile Effect Shown

Create a unique bathroom design

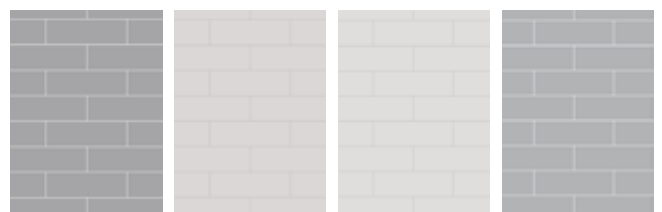

Fibo wall panels are a high performance, completely waterproof system of interlocking laminated wooden panels that can transform your bathroom into a grout-free area.

With quick installation, these panels are warm to the touch, and easy to clean. If you choose a tile effect panel the fake grout lines are routed in meaning they not only look like tiles but feel like them too. You will struggle to tell the difference!

Available in a choice of designer colours and textures. Such as the Metro Brick, from the Urban Collection, a neat geometric design influenced by urban city environments.

Metro Brick

With its neat geometric design, the metro brick is available in gloss and matt finishes in lasting neutral shades.

Electric Underfloor Heating

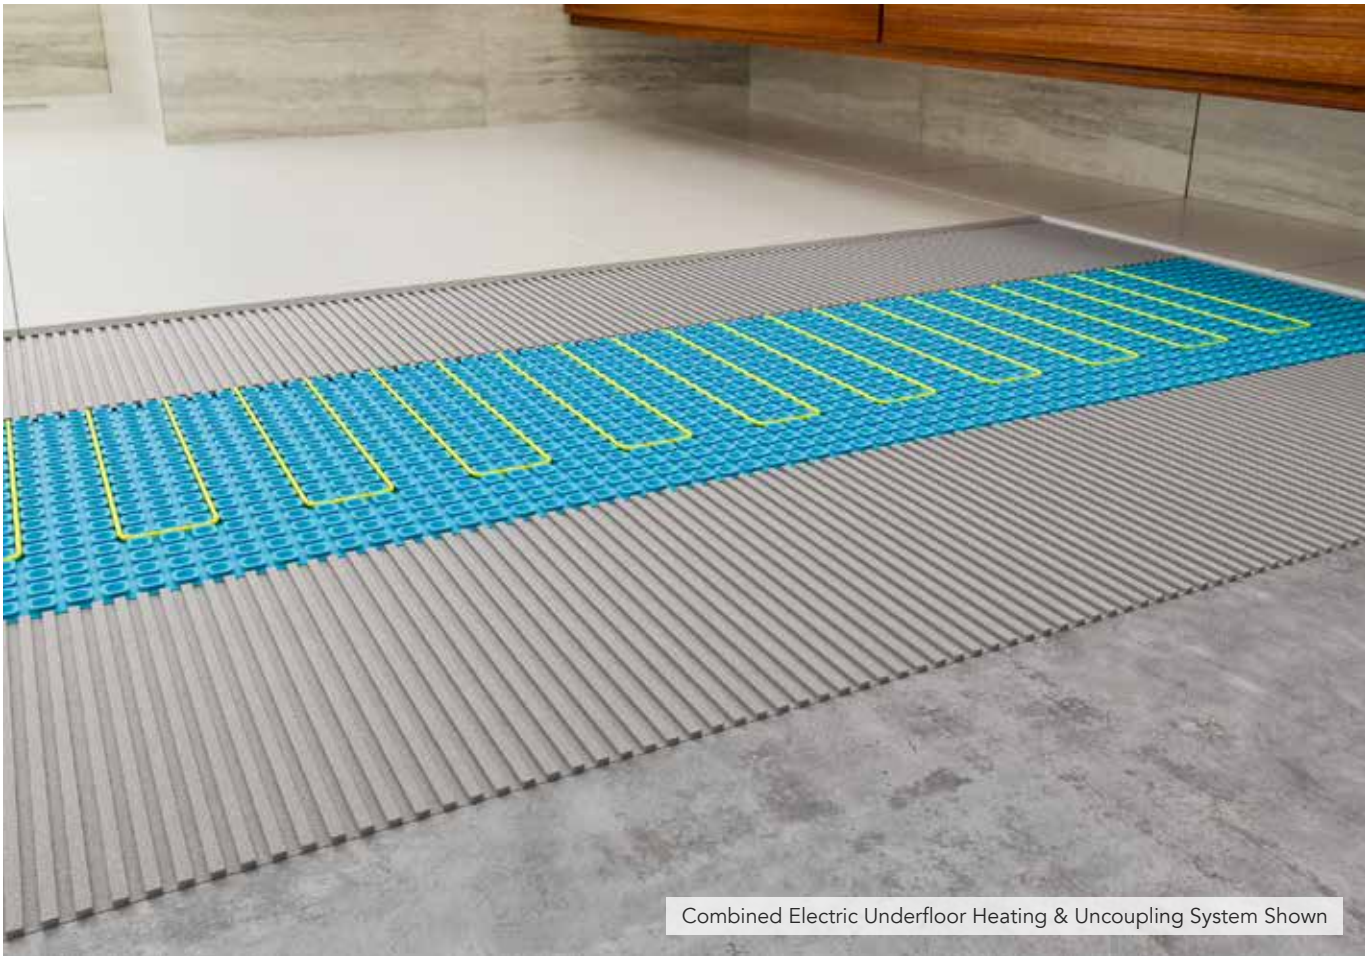

Keeping your home warm

Don't want radiators to spoil the minimalist look you've created in your bathroom?

Underfloor Heating is a great way to keep rooms warm. It is simple to install when tiling, helps with condensation, provides heat across the whole room, and feels lovely and cosy under bare feet on a cold morning.

Underfloor heating has lower running costs than traditional central heating systems, and is considered a more environmentally conscious way to heat your home.

Feel the glow from beneath your feet.
 Providing the ultimate feeling of comfort and luxury, it is inexpensive to install and run.

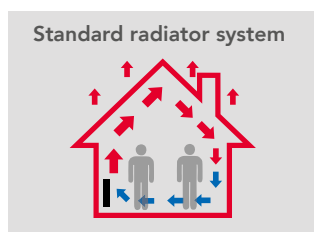

Benefits

Affordable luxury.

Underfloor heating doesn't have to be an expensive extravagance. Our UFH (Underfloor Heating) range is an economical way to bring warmth to any room.

Standard radiator system

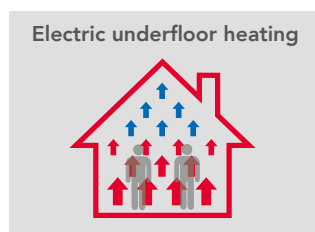

- Heat rises from floor to ceiling
- Heat loss through roof
- Creates draughts and uneven heat
- Cold floors and hot heads

Convection causes draughts and uneven heat spread

Underfloor heating system

- Even heat spread
- Comfortable room temperature
- No draughts
- Warm floors

Even spread of heat for maximum comfort

Running Costs* Heated Area

Time (hours)	1m ²	2m ²	4m ²	5m ²	10m ²	15m ²	25m ²
1	3.6p	7.2p	14.4p	18p	36p	54p	90p
2	7.2p	14.4p	28.8p	36p	72p	108p	180p
3	10.8p	21.6p	43.2p	54p	108p	162p	270p
4	14.4p	28.8p	57.6p	72p	144p	216p	360p
5	18p	36p	72p	90p	180p	270p	450p
6	21.6p	43.2p	86.4p	108p	216p	324p	540p
7	25.2p	50.4p	100.8p	126p	252p	378p	630p
8	28.8p	57.6p	115.2p	144p	288p	432p	720p

*These running cost calculations assume an output of 150w/m² in a well insulated environment and an electricity tariff of 28p/kWh

Low Running Costs

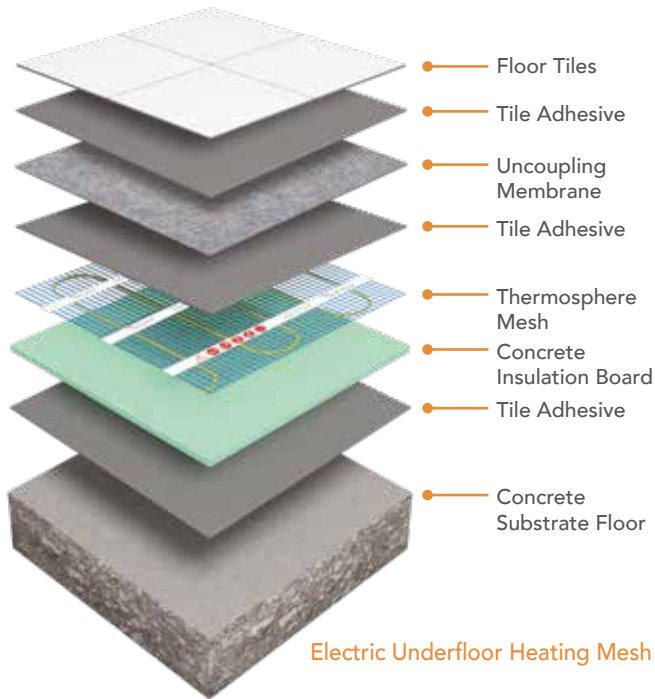

Our underfloor heating offers many economical advantages for your home;

- Rapid heat up times
- Fully programmable touchscreen thermostat
- UFH can be programmed to allow for different times and temperatures in different rooms

Applications

UFH products have a wide range of applications and can be installed on timber and concrete substrates.

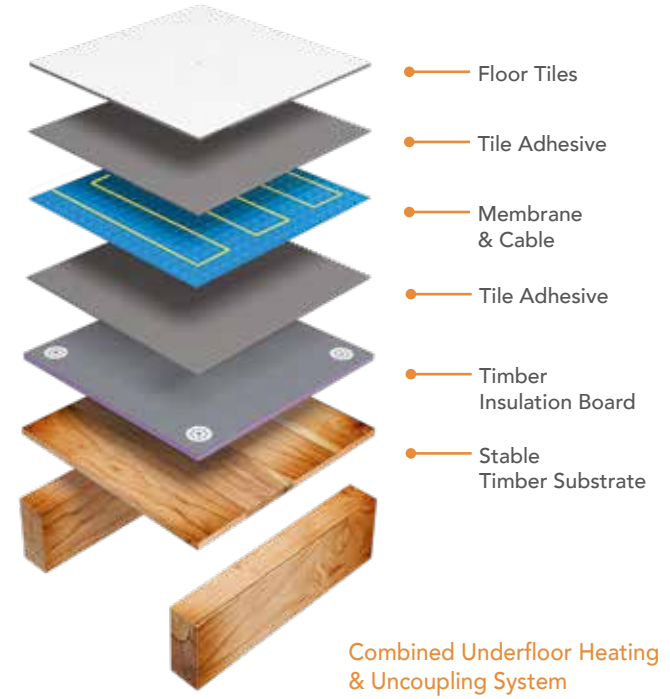

Suitable for almost all floor finishes; here are some examples illustrating the composition.

What type of UFH do I require?

Product	Tiles	Stone	Laminate	Porcelain	Carpet
150w/m2 Mat	•	•	•	•	•
200w/m2 Mat	•	•	•	•	•
Membrane & Cable	•	•	•	•	•

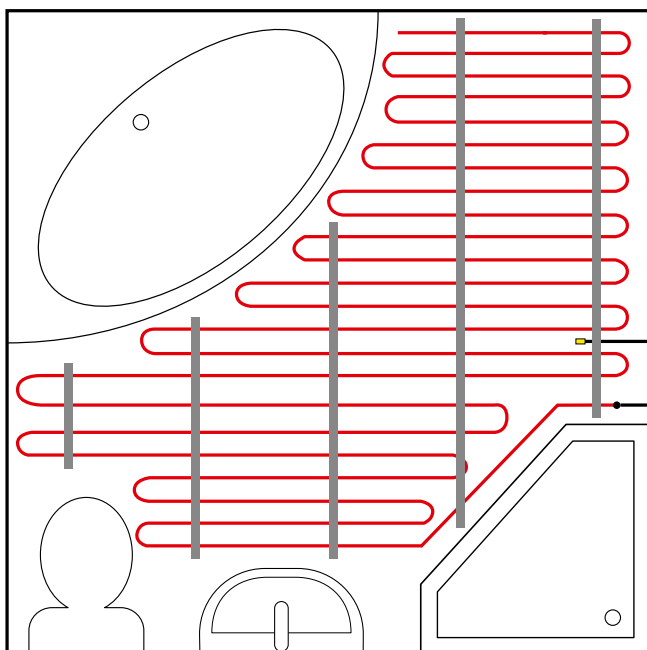

For small awkward areas use Membrane and cable. For regular areas 1-24m² use 150w/m² mat. For high output use 200w/m² mat.

Always check with your flooring manufacturer before installing over an electrical underfloor heating system.

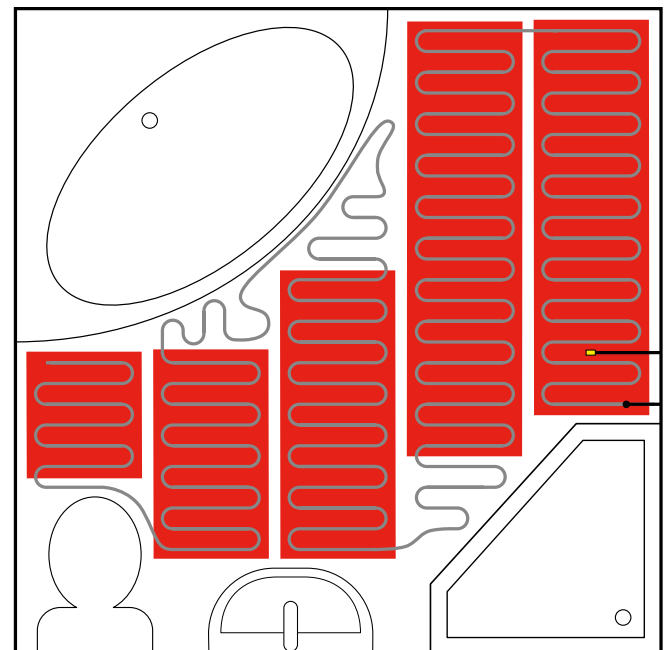

Cable Layout

Simple installation in irregular areas
Diagram below shows a typical bathroom layout.

Mat System Layout

Simple, flexible installation
Diagram below shows a typical bathroom layout.

Installation

Efficient underfloor heating.

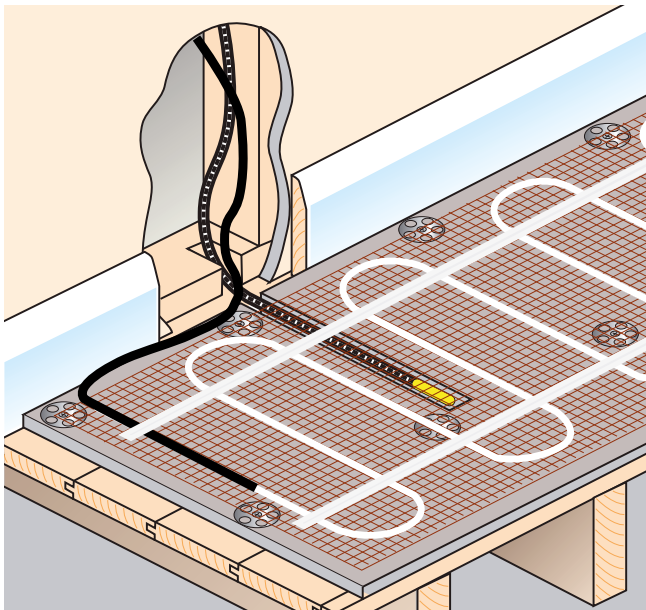

UFH mats can be laid onto any substrate and we always recommend that you lay them onto insulation board for maximum efficiency and potentially reduced running costs.

There are two types of insulation board - Coated and Uncoated.

- Can make underfloor heating 50% more efficient
- From just 6mm thick
- Fast, simple installation
- 100% water and rot proof

Conduit & Sensor Installation

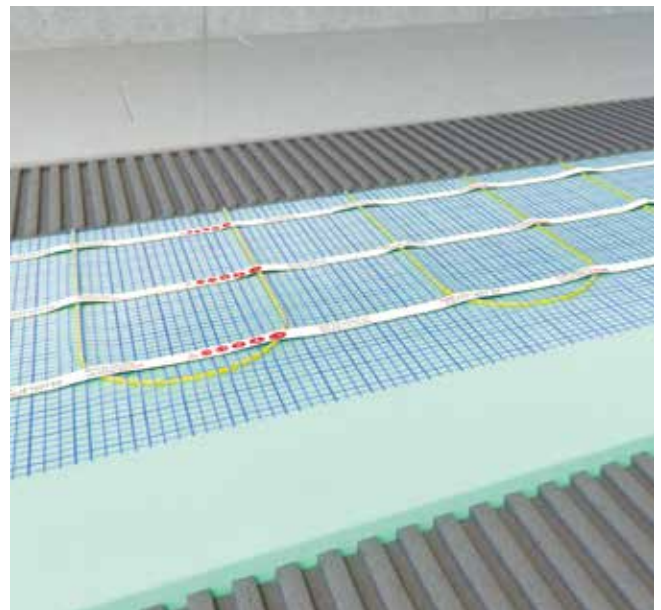

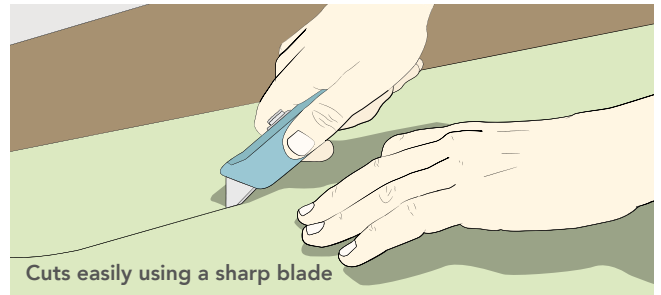

Illustration of an insulated timber substrate.

For use with timber substrates

For use with concrete substrates

Thermosphere Mesh with insulation board bathroom installation

Vastly Reduce Heat Up Times

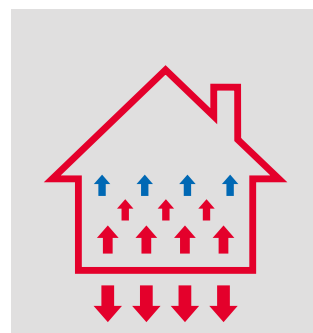

Floor construction and final finish will govern the heat up times.

Sufficient insulation will greatly reduce heat up times and you will notice the difference in your energy bills. A well-insulated UFH system can be up to 50% more efficient. Average heat up times can be seen in the table below:

Concrete & 50mm Insulation Board	0.5 hours
Concrete & 10mm Insulation Board	1.0 hour
Un-insulated Concrete	5.0 hours
Concrete & Sub Surface Insulation	3.0 hours
Chipboard & 10mm Insulation Board	0.5 hours
Un-insulated Chipboard	1.0 hour

Prices shown include VAT. All dimensions in millimetres.

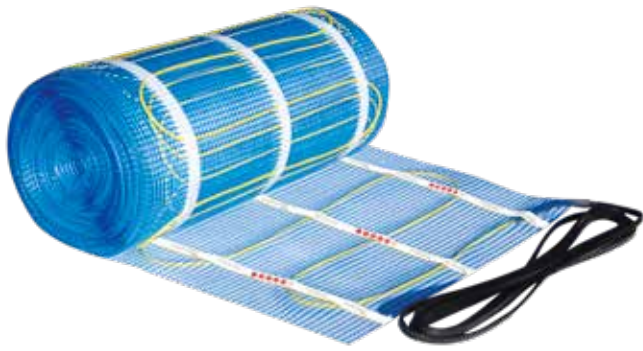

Without Insulation

With Insulation

Avoid heat loss and maximise the efficiency of your underfloor heating system

Features 3.5mm Twisted Twin Cable

Unique, stress free **Twisted Twin** cable construction creates a longer lasting heating cable with zero electromagnetic field. Safe even in wet areas.

Programmable Thermostat

SCP-W-01	White - Programmable Control	£190.80
SCP-B-01	Black - Programmable Control	£190.80

- Improved 7 day 6 event schedule
- Ambient temperature sensor
- Manual temperature boost
- Wi-Fi versions available
- Floor temperature sensor
- Available in Black or White

Dual Control Thermostat

DC-W-01	White - Thermotouch Dual Control	£190.80
DC-B-01	Black - Thermotouch Dual Control	£190.80

- Ambient & floor sensors
- Dual Relay for 2 in 1 control
- Portrait & landscape mode
- Control a tower rail/mirror heater
- Available in Black & White
- 8 home screen colour options

Lighting & Ventilation

A refreshing approach to bathroom design.

Our extractor fans provide a fresh, cleaner atmosphere for your room. They help keep your bathroom properly ventilated, to prevent mould and mildew.

Bright, clear light is essential as you prepare for the day. Spotlights and downlights are ideal for directing a focused light towards any surfaces that are in high use.

Combine one light with another to ensure full coverage or brighten up certain areas to create a particular mood.
